

4 January 1989

MEMORANDUM FOR THE RECORD

FROM:

Chief, Management Staff, FMD/OL

STAT

1. Chief/NBPO called on this date concerning the status of a \$102,000 surge transaction in FY 87 for OL/P&PD. P&PD was unable to expend these funds and it was agreed that the money would be spent by OL/FMD on current projects. The payback to P&PD would come in the form of \$102,000 in renovations to the GJ56 Headquarters area.

2. I reported to C/NBPO that FMD will repay these funds through the renovations associated with the backfill program. I also reported that, according to the current schedule, this area may not be upgraded until FY 89.
